A Times Group Initiative

FROM THE DIRECTORS'S DESK IIM NAGPUR

DR. BHIMARAYA METRI

DIRECTOR,
INDIAN INSTITUTE OF MANAGEMENT NAGPUR

I take pleasure in welcoming you to IIM Nagpur (IIMN). IIMN was established in 2015 as the first of the third generation IIMs, by the Ministry of Education, Govt. of India. Its location in Nagpur, the Orange City, makes IIMN equidistant from the major metropolises – Delhi, Chennai, Kolkata, and Mumbai – in terms of travel time by air. Since its inception, IIMN has attracted talented faculty members with commendable experience in research and teaching.

Faculty members at IIMN are engaged in management consultancy, research, training, and industry collaboration for creating and disseminating cutting-edge knowledge. Its location at the very centre of industrial activity offers IIMN a natural advantage, enabling greater connections and partnerships with businesses across sectors in SEZ and MIDC-designated zones. IIMN's unwavering focus on pioneering exceptional industry partnerships to lead the way in providing real-world experiences, prepares our programme participants for life - bringing 'corporate into classrooms' to hone relevantly skilled talent for the ever-evolving corporate world. One of the first premier institutions in the country to seamlessly make the shift from physical to online over the past year, IIMN is well-equipped to conduct Executive Education Programmes (EEPs) for executives from public and private sector undertakings. Keeping the New Education Policy (NEP) 2020, digitalisation, and lifelong learning in mind, IIMN has launched online certificate programmes for skilling-reskilling-upskilling the executives in highly specialised areas of management. We anticipate that these programmes would enable executives to fully realise the opportunities ahead in a digitally disruptive world. With its unique advantages, IIMN is an exciting place to learn, grow, and be the 'champions of change'. We welcome you to join our IIMN community of faculty, staff, students, and alumni who are shaping the future of work.

FROM THE DEAN'S DESK IIM NAGPUR

DR. ALOK KUMAR SINGH

DEAN, EXECUTIVE EDUCATION
INDIAN INSTITUTE OF MANAGEMENT NAGPUR

In today's dynamic and complex business environment, the ability to effectively manage projects has become a mission-critical skill. From infrastructure and IT to consulting and manufacturing, project management is no longer confined to a single domain—it is a core competency that drives organisational success across industries.

The Certificate Programme in Project Management at IIM Nagpur is designed to empower professionals with the tools, techniques, and strategic thinking required to manage projects of varying scale and complexity. With a strong focus on practical application and real-world scenarios, this programme enables participants to take informed decisions, manage risk proactively, and deliver value through structured execution.

At IIM Nagpur, Executive Education is committed to building future-ready leaders. This programme reflects our belief in blending academic excellence with industry relevance. Participants will benefit from the rich experience of our faculty, the rigour of IIM pedagogy, and the opportunity to learn alongside peers from diverse backgrounds.

I invite aspiring and experienced professionals to join this transformative journey, sharpen their project management capabilities, and lead impactful change in their organisations.

NAVIGATING THE FUTURE WITH EXPERTISE AND INNOVATION

A project is a unique, time-bound endeavor aimed at achieving specific goals and objectives, resulting in beneficial change or added value. Project Management involves planning and executing these efforts within the constraints of scope, time, and resources.

According to the Project Management Institute (PMI), the global economy is increasingly project-oriented, with a significant rise in demand for skilled project management professionals. The PMI's "Project Management Job Growth and Talent Gap Report – 2017-2027" highlights a substantial global shift towards project management across industries, driven by technological advancements and the projects needed to support them.

KEY STATISTICS:

INDUSTRY TRENDS IN INDIA

India is undergoing tremendous changes, marked by innovation and major policy initiatives like 'Make in India', 'SMART Cities', 'Stand-Up India', and 'Digital India'. These initiatives, along with mega infrastructure projects, are driving the demand for skilled project management professionals across all sectors. As technology evolves and Industry 4.0 expands, new business models and rising consumer expectations are creating immense opportunities in this field. The PMI report underscores India's pivotal role in the global project management landscape, urging current and aspiring project managers to upgrade their skills to meet global standards and excel in this dynamic and growing field.

IIM NAGPUR

भारतीय प्रबंध संस्थान नागपुर
Indian Institute of Management Nagpur

1st AMONG THE THIRD
GENERATION IIM'S

Established in 2015, the Indian Institute of Management Nagpur (IIM Nagpur) aspires to be a leading management institution that shapes management systems, policy, and governance through high-quality education, research, and industry engagement. Propelled by the pursuit of engaged scholarship, the Institute aims to create value-driven leaders and global managers with strong conceptual foundations and analytical approach, which helps them excel in diverse spheres – be it management, business, policy making, and public administration, to name a few. IIM Nagpur's aim is to address the needs of a modern India, connecting aspirations and realities to attain benchmarks that are respected internationally. Our motto, सत्यं च स्वाध्यायं प्रवचनेन च, that is, an inspired journey towards truth through individual reflection and collective discourse, propels our quest to bridge the gap between abstract knowledge and practice. IIM Nagpur seeks to distinguish itself as an institution that promotes constant industry engagement of a 'problem-solving' nature. Executive Education, therefore, is an important thrust area for the Institute. With an array of programmes designed by a faculty body with a stellar record of research, teaching and industry engagement, the Executive Education programmes at IIM Nagpur equips managers and executives with the capabilities to perform effectively in their current roles and take up greater challenges through various stages of their careers.
